

ADVANCED MASTERCLASS

Systemic Intelligence and Organisational Constellations

AUGUST 21–25, 2023 | ITALY

Magenta Mountains by Mobius Featured Artist, Michael Robbins

Systemic intelligence and constellation work in organizations.

Addressing underlying dynamics and restoring flow in companies and teams, using systemic intelligence and constellation work.

Not understanding the deeper systemic dynamics in organizations often leads to inadequate solutions. Leaders are spending their precious time and energy on fighting repetitive symptoms and are not solving the underlying root cause dynamics.

In this 4-day forum we are applying the foundational principles and systemic intelligence from organizational and family constellation work, in combination with different fields of work - energy and force field mapping, somatics coaching, trauma in organizations - to find the levers to debottleneck organizational dynamics and support leaders to navigate in their complexity.

Small interventions on the deeper systemic level will create significant breakthroughs in the whole system. Often, the dynamics become crystal clear when we stop talking and experience what a constellation of the key players and structures reveals to us. This highly experiential and practical track will provide you with a new lens and tools to look at business issues and will fundamentally shift your view on the effort it takes to solve complex organizational challenges. We encourage you to bring real client cases.
